MasterCard Update

Dear MTCU MasterCard holder,

MTCU is updating our MasterCard portfolio so that all cardholders get the new Platinum MasterCard with the EMV chip. At the expiration date on your current Gold or Classic MasterCard, you will receive a Platinum MasterCard in its stead. Of importance to you, the cardholder, is that the card number will be new. If you currently have automatic payments or recurring purchases coming from your Gold or Classic MasterCard, you will want to alert these merchants and provide them with your new MasterCard number.

The terms of your card remain the same.

Should you have any questions, please do not hesitate to call us.

Thank you for your membership! MTCU continues to update our processes to provide you with the best possible financial tools!

Regards,

MTCU Loan Department
